

# VILLAGE OF WALTON HILLS

WORK. PLAY. LIVE.

## Journal

APRIL 2016

Dear Neighbors and Friends,

I was recently invited to tour Valtris Specialty Chemical plant in our industrial park. Valtris recently acquired the former Ferro chemical plant. Under the new management team, they are planning a multimillion dollar investment at the plant. The plant has a long history here in Walton Hills. With their investment and the potential for future job growth we are looking forward to many more years of positive economic activity here in Walton Hills.

Ferro Corporation began its overall operation in 1919 when Harry D. Cushman invested \$1,000 and incorporated Ferro Enameling Company at the E. 56th Street plant in Cleveland to make enamel frit which is a complex glass that is a core ingredient in porcelain enamel. In 1940 Ferro purchased a facility right here in Walton Hills.

In 2014, Ferro Corporation sold its four North American plants located in Cleveland, Walton Hills, Bridgeport, New Jersey and Fort Worth, Texas for \$154 million to Valtris Specialty Chemicals.

Formerly the Polymer Additives Division of Ferro Corporation, Valtris continues to be a leading provider of specialty chemicals, serving industries as diverse as building and construction, packaging, consumer goods, transportation and oilfield additives. Headquartered in Independence, and with seven facilities operating globally, Valtris offers a range of complimentary products for the specific needs of its diverse customer base.

Valtris maintains a broad and expanding product portfolio that brings quality materials and innovative solutions to customers around the world. Its technical expertise, market experience, and customer service excellence are leveraged

to bring customers value and service at the highest level. Valtris continues to be a leader in reliability, responsibility, and quality in the specialty chemicals world.

In Walton Hills, Ferro Corporation was operating at 30% capacity since 1998. Since the purchase by Valtris in 2014, the operating capacity has gone up 7% from 30% to 37%. By the end of 2017, Valtris hopes to be operating at 75% capacity. The Walton Hills location is currently operating with approximately 37 employees. While at the plant I visited with senior union officials who have worked at the plant for over 30 years. With the new investment, these employees are also hopeful about improved working conditions and the prospect of new employees.

Valtris has agreed to add \$1 million a year for 5 years to improve the safety operations at the business and to make other necessary improvements to the facility. The new management goal is to expand Valtris's product line. To that end, we expressed our support and discussed potential financial assistance. I was impressed by the new team and their plans.

Anyone can steer the ship, but it takes a real visionary to chart the course. In order for our community to be effective, we must know how to communicate our vision, passion and our hopes effectively while embracing the visions of other partners to enlist the cooperation of our business investors of our community. We could not be so blessed without the grace of God on the many unexplainable positive turnarounds for our community.

Thank You,

Sincerely serving you,

*Kevin Hurst*

Mayor/Safety and Economic Director,

I.G.I.T.

Bottom row: Councilman Don Kolograf, Mayor Kevin Hurst, Councilman Denny Linville

## Legislation Unanimously Approved at the 3.15.2016 Council Meeting

**Council meeting minutes are available in their entirety on the Village website.**

**Ordinance No. 2016-3** approves the editing and inclusion of certain ordinances as parts of the various component codes of the Codified Ordinances; providing for the adoption and publication of new matter in the updated and revised Codified Ordinances.

**Ordinance No. 2016-4** authorizes the Village of Walton Hills to participate in the State of Ohio cooperative purchasing program.

**Ordinance No. 2016-5** amends an ordinance to amend Ordinance 2012-21, and as further amended Ordinance 2016-2; to amend Section 898.04 of the Codified Ordinances of Walton Hills to conform it to the text of Ordinance 2011-20, as amended by Ordinance 2012-21, and as further amended by Ordinance 2016-2.

**Resolution No. 2016-15** authorizes the mayor to enter into an agreement with Sharpscapes, Inc. for a lawn care service program for senior citizens or handicapped residents of Walton Hills for 2016.

## Northfield Road Resurfacing

**Councilman Brian Spitznagel, Infrastructure Committee Chairman**

The Ohio Department of Transportation will be resurfacing Northfield Road from our southern border at Sagamore Road to our northern border at Krick Road. Bids are slated to go out this month and be awarded in May. The majority of work will be completed at night to alleviate as much traffic congestion as possible.

For those who travel south on Northfield Road, you may have noticed that the right lane exiting the Village at Sagamore Road does not align with the right lane entering Northfield Road. Vehicles moving right too quickly to align within the lane, or having to move right to avoid cars stopping in the left turn lane going into the Hard Rock Rocksino, have a risk of hitting the curbing on the corner.

We feel this is a safety issue and the mayor has been in contact with ODOT to try to get them to widen and re-align the lane within the resurfacing project. ODOT's initial response is that this is not necessary or within the scope of the project. Our engineering team's preliminary cost estimate for the Village to move the curb will be between \$35,000 and \$55,000. This cost could significantly increase due to several underground and overhead utilities at the site, along with utility poles, that would have to be moved.

The mayor is going to move this "up the ladder" within the ODOT administration and continue to request they fix this intersection.

# Walton Hills Police Department Information

Councilman Denny Linville, Safety Committee Chair

## Don't Let Spring Weather Leave You Unprepared

The Cuyahoga County Office of Emergency Management urges everyone to be prepared for severe spring weather. Here are important safety facts and tips to help keep you and your loved ones safe during the unpredictable season:

**Tornadoes:** Tornadoes cause an average of 60-65 fatalities and 1,500 injuries per year in the United States. They can produce wind speeds in excess of 200 mph, and can be as large as 1 mile wide and stay on the ground for 50 miles.

**Tornado Watch: Be Prepared!** — **Tornado Warning: Take Action!**

Know your community's warning system and how to pick a 'safe room' (Ex: basement, storm cellar or interior room on the lowest floor with no windows). Before bad weather occurs, prepare for strong winds: remove diseased and damaged limbs from trees; secure lawn furniture, trash cans, and hanging installations that can be picked up and thrown by the wind.

**Thunderstorms:** Thunderstorms can include high winds of over 125 miles per hour and can produce hail which can range from pea-sized to larger than a softball. Every thunderstorm produces lightning, and lightning results in an average of 55-60 deaths and 300 injuries per year in the United States. Remember, **if thunder roars, go indoors**. If you can hear thunder, you are close enough to be struck by lightning.

Always take shelter in a building or a vehicle with the windows and doors closed securely. The steel frame of a hard-topped vehicle provides increased protection if you are not touching metal. Although you may be injured if lightning strikes your car, you are much safer inside a vehicle than outside.

**Flooding:** Flash flooding is the number one weather-related cause of death, resulting in an average of 90 deaths per year in the United States. Be prepared to evacuate at a moment's notice!

Remember the mantra **Turn Around – Don't Drown!** Do not attempt to move through flood waters. Six inches of swiftly moving water can sweep you off of your feet. If you are caught on a flooded road, get out of the car and move to higher ground.

**For more information on severe weather safety, visit the Cuyahoga County Office of Emergency Management's web site at [ready.cuyahogacounty.us](http://ready.cuyahogacounty.us) or contact the Office of Emergency Management at 216.443.5700.**

## Walton Hills Welcomes New Part-Time Officer

The Walton Hills Police Department welcomed its newest part-time officer on Monday, February 8, 2016. In front of family, friends, and new co-workers, Matthew Sikula was sworn-in by Mayor Kevin Hurst in the courtroom. Congratulations Matt!

Mayor Kevin Hurst swears-in Matt Sikula. Chief Kenn Thellmann presents Matt with his new badge. Matt poses for a picture with his parents after becoming the newest part-time officer.

# Fiscal Officer's Report

Katie Iaconis, Fiscal Officer / Don Kolograf, Finance Committee Chairman

Hello everyone! The Walton Hills Tax Department has been handling a steady stream of tax returns since the beginning of the year. If you have any last minute questions or would like help with your return please stop in.

Tax returns are due by April 18<sup>th</sup> (see below)!

Each month the Finance Department produces a report showing our revenues, expenditures, overall fund balances and much more! If you have not had the opportunity to review this report, please head over to our website, [www.waltonhillsohio.gov](http://www.waltonhillsohio.gov), and choose the "Finance Department" under the "Services Tab." You will see "Useful Links" on the right side of the screen that will lead you to viewing our Annual Reports and our monthly Financial Reports.

We strive to be transparent with our operations at the Village and this is one more resource that is available to everyone.

Hope everyone has a great month!

**Reminder: The Federal government normally celebrates Emancipation Day on April 16<sup>th</sup>.**

**This year April 16<sup>th</sup> falls on a Saturday, meaning Emancipation Day will be celebrated Friday, April 15<sup>th</sup>.**

**That means taxes won't be due this year until Monday, April 18<sup>th</sup>. Thanks Washington, D.C.!**

## APRIL

### HOP TO IT, GET OUTSIDE

- If soil test results indicate the need, amend your soil. Organic products are best.
- Tolerate some weeds in your yard; they are not the enemy. Plant biodiversity in your lawn provides food for pollinators and beneficial soil organisms. If you must remove weeds, try these non-synthetic chemical approaches.
- Apply corn gluten meal to prevent annual weed seeds from germinating.
- Spot treat existing weeds with an organic weed control product that contains molasses or liquid iron.
- Hand-pull weeds. Purchase a tool to help, like a Speedy Weedy, or encourage your children to pull!

**DID YOU KNOW?** Don't leave fertilizer pellets and grass clippings on your driveway and other hard surfaces! They wash into streams and rivers, blocking water flow and adding unwanted nutrients. Aim your mower so grass clippings stay on the lawn where nutrients are needed!

# April Recreation News

Carol Stanoszek, Recreation Director (440) 786-2964 stanoszekc@waltonhillsohio.gov  
Mary Brenner-Miller, Recreation and Community Life Committee Chairwoman

**Event: MORNING MEETING WITH THE MAYOR****Date: Wednesday, April 13<sup>th</sup>**

Time: 9-11am

Site: Community Room

Cost: Free

Note: Get updated on what's happening in Walton Hills, plus enjoy a breakfast treat. Please RSVP by calling 440.786.2964 by Monday, April 11<sup>th</sup>.

**Event: MAPS AIR MUSEUM****Date: Tuesday, April 19<sup>th</sup>**

Time: Leaving Village Hall at 9am

Site: North Canton

Cost: \$8.00 + lunch

Note: 1 ½ hour tour-lots of walking and standing! We'll eat lunch at "The Twisted Olive."

**Event: SENIOR LUNCH****Date: Monday, April 25<sup>th</sup>**

Time: 11:15am

Site: Community Room

Cost: \$5.00

Note: Theme: Passport to Paris! Come enjoy a nice lunch with your neighbors and friends. Please RSVP by calling 440.786.2964 by Wednesday, April 20<sup>th</sup>.

**Event: CAROL'S BOOKWORMS****Date: Monday, April 25<sup>th</sup>**

Time: 7pm

Site: Community Room

Note: Please bring a food item for our pantry.

**Event: GREENBRIDGE TEA HOUSE****Date: Tuesday, April 26<sup>th</sup>**

Time: Leaving Village Hall at 11am

Site: Twinsburg

Cost: \$16.00

Note: This trip is for women only, sorry guys!

**LOOKING AHEAD TO MAY****Event: PARKER AND JUNIOR PARKER SIGNUPS**

Note: Signup forms for the Parker Programs are available online at [www.waltonhillsohio.gov](http://www.waltonhillsohio.gov) through Monday, May 2<sup>nd</sup>. You could also pickup signup forms at the Recreation Department. For more information call 440.786.2964.

**Event: NATIONAL DAY OF PRAYER****Date: Thursday, May 5<sup>th</sup>**

Note: We will be participating in the National Day of Prayer again this year, but it is yet to be determined where and what time. More information will be available in the upcoming weeks. Please contact the Recreation Department for more information.

**BASEBALL COMMISSIONER NEEDED**

Must have some knowledge of baseball. Must be able to work evenings and some days. Must enjoy kids and have people skills. If interested, call Carol at 440.786.2964.

**CAROL'S BOOKWORM REVIEW**

Last month we read and discussed the book, "A Prayer for Owen Meany" by John Irving. We rated this book:

Out of 5

**CAMP COUNSELORS NEEDED**

Applications for summer camp counselors can be picked up in the Recreation and Community Life Department or found online at [www.waltonhillsohio.gov](http://www.waltonhillsohio.gov) from March 1<sup>st</sup> to April 4<sup>th</sup>. Applicants must be willing to work with children, enjoy the outdoors and be at least 18 years of age.

**Walton Hills is celebrating its 65<sup>th</sup> birthday this year!**

Did You Know? During frontier years, Dunham Road was a part of the Mahoning Trail.

Native Americans, fur trappers and traders and soldiers traveled along the route often.

The Mahoning Trail started where the three rivers meet in Pittsburgh, worked its way through Ohio, and ended in Detroit.

# Street Commissioner's Report

**Dan Stucky, Street Commissioner / Councilman Brian Spitznagel, Infrastructure Committee Chairman**

Spring has arrived and it would not seem like spring without the “distinctive grinding sound” off in the distance of our BRUSH CHIPPER working its way to each waiting branch pile on every Village street.

This popular program will once again be provided weekly and free of charge to all residents beginning on **Monday, April 4<sup>th</sup>**. As always, we will begin each and every week with the goal of chipping on all roads as we make our rounds throughout the Village. There is **no need to call** with your address for brush pick-up as we will travel all streets in search of any piles placed in the road right-of-way. We ask that all piles of branches be neatly stacked or placed along the front yard at the road edge, tangle free, with the “cut ends” facing the pavement and no hidden debris mixed in. Stumps and/or root balls cannot be chipped and will not be picked up. We will again offer free wood chip delivery when available. Please call the Village Hall to be placed on the delivery list if you are interested.

**One very important reminder:** Any material from tree removal or branch trimming performed by an outside private contractor must be disposed of by the contractor. The Service Department **will not** chip any material placed at the street by a hired contractor per Village Ordinance #1026.09. Also, all private tree contractors or other private contractors of any kind must be registered with the Village before working in Walton Hills. Please call the Village Hall or the Service Department with any questions regarding our brush chipping service or for information about contractor registrations.

## Senior Citizen/Handicapped Resident Lawn Care Program

The Senior Citizen or Handicapped Resident Lawn Care Program will also be getting started this month. To be eligible, you must be either age 65 or older or have a handicap which prevents you from cutting the lawn, have earned income of less than \$10,000 and have no other person residing with you who is capable of providing lawn care services.

For payment purposes, the lawn cutting season will be divided into two halves. The first half will be from April 15<sup>th</sup> through July 15<sup>th</sup>. The second half will be from July 16<sup>th</sup> through October 31<sup>st</sup>. Leaf pick-up will be during the month of November.

Applications for the Lawn Care Program are available in the Village Hall or online at [www.waltonhillsohio.gov](http://www.waltonhillsohio.gov). Residents need to sign up by Monday, April 11<sup>th</sup>. If you have any questions, call the Village Hall at 440.232.7800.

## Upcoming Recycling & Shredding Reminders

**Recycling Roundups** – Walton Hills will be participating in the Cuyahoga County Solid Waste District's (CCSWD) recycling programs in the upcoming months. All collections will take place at the Service Center on Dunham Road from 8am to 3:30pm. For a list of acceptable items, call the Village Hall at 440.232.7800 or visit CCSWD's website, [www.cuyahogawd.org](http://www.cuyahogawd.org).

Household Hazardous Waste Disposal

May 9<sup>th</sup> through 13<sup>th</sup> and September 19<sup>th</sup> through 23<sup>rd</sup>

Recycle Your Computer

June 6<sup>th</sup> through 10<sup>th</sup> and September 26<sup>th</sup> through 30<sup>th</sup>

Scrap Tire Round-up

September 12<sup>th</sup> through 16<sup>th</sup>

**Annual Paper Shredding Event** – The annual paper shredding event will be held on Saturday, June 4<sup>th</sup> from 9am to 12pm at the Village Hall. You can dispose of old financial statements, tax forms, bills, medical records and other important documents to prevent yourself from becoming a victim of identity fraud.

# DROP BOX

**Councilwoman Gloria Terlosky, Information Committee Chairwoman**

When I see or hear the words "drop box," I immediately think of three things: the metal shoot where I deposit my library books, the mailbox where I deposit my bills, or the local car repair shop where I leave my car keys. Well, let me tell you, I sadly found out there is a fourth drop box.

I first saw a snip-it of a documentary about the fourth type of drop box at the movie theatre. I was in shock; I could not believe what I was seeing. At first I thought it was a joke. But it was not. It was a reality; a sad but true reality, a truth stranger than any fiction I could imagine. The FOURTH DROP BOX is for NEWBORN BABIES, yes, human babies.

This is happening in Europe and Asia. It's happening a lot in China, Japan and South Korea. Mothers are abandoning their newborns and placing them in these small metal shoots, "baby drop boxes." Ever since the Chinese government introduced the "one baby policy" in 1979, more and more babies are being abandoned in streets, alleys, boxes, rivers, public toilets and dump heaps.

For a myriad of reasons the mothers are choosing to abandon their newborn babies via the drop box. Is this inhumane, or what? Is it better to leave an infant in a box in some dark damp alley while their little lungs struggle to draw their final breath? What are these governments thinking? They can build nuclear bombs and so-called smart phones, but they cannot come up with a smarter, humane way to take care of their own children? Being able to drop their newborn babies into a metal shoot and walking away is not the answer.

The drop box may save abandoned babies from infanticide, but it breaks my heart to write about this topic. God did not intend this for His babies, not in Europe, not in Asia, not anywhere in this world. Wake up governments! The only place a baby should be dropped off is at Grandma's house for a day where he or she will be rocked and hugged and told how precious they are and that they are LOVED. To learn more, Google "baby box" and have a Kleenex handy!

**Our children are our future; we should make sure THEY have a future!**

I'm proud to be part of the world's largest  
real estate franchise by agent count.

**Yet, the true honor is serving YOU.**

When you or someone you know is thinking about buying or selling real estate, I'm on your side. And now, the largest network of agents in the world is too.

## Jury Duty Scam

Scammers will use whatever tactics necessary to feed off of your emotions while conning you into giving up your personal information. They will often hide behind fake titles and/or agencies to sound more credible. Some scammers even go as far as impersonating government agencies or government employees. The "Jury Duty Scam" uses these very tactics.

### How it works:

You receive a call (or email) from a "court official." The scammer tells you there has been a warrant issued for your arrest because you have failed to appear for jury duty. Some scammers intimidate callers with vulgar messages and threats while others act like the "good guy" and review your records. They state that if you just pay a fine the "representative" will clear your record.

No matter the tactic, the ultimate goal of the caller is to obtain your social security number and date of birth to verify your information. They then gather your bank account information to pay these so called "fines." Either scenario, the scammers end up with not only your personal information, but part of your hard earned money.

To avoid being served with the scam, the Better Business Bureau suggests you:

1. **Never give your personal information.** Legitimate court officials will never request your social security numbers, credit card numbers, or any other sensitive information over the phone or in an email.
2. **Just hang up.** If someone asks you to pay a fine for missing jury duty, hang up and notify the police department in your village.
3. **Don't rely on caller-provided numbers.** Scammers often spoof (manipulate) the number on your caller ID to look like the name or phone number of a different agency or business. If you have any concerns, look the number up yourself and call them back to verify the information.

Source: Better Business Bureau (BBB)

## Thank You Carol James Florist

Our most sincere appreciation is extended to Carol James Florist, located at 451 Broadway Avenue in Bedford, for donating a beautiful floral arrangement for display in the Village Hall lobby every week.

*Please patronize this wonderful florist!*

**Their phone number is 440.786.1811.**

# Spotlight on

## Dave Tapp

### One of the many threads in the fabric of our Village

Dave Tapp is a familiar face to a lot of residents in Walton Hills, and Oakwood Village for that matter. He's been a member of the Oakwood Village Fire Department since the early 1990s and in 2012 the OVFD became the primary fire department for the Village of Walton Hills. We'll tell you what sparked his interest in becoming a firefighter soon, but first let's find out a little bit more about Dave.

Dave was born in Cleveland on October 7, 1971. He has an older and a younger sister. Dave grew up in Solon and graduated from Solon High School in 1990. After high school, Dave attended Kent State University for two years majoring in architecture. Shortly after his second year at Kent State, Dave decided that college really wasn't for him so that's when he decided to take the Firefighter Civil Service Test. Dave said he's always enjoyed helping people so he thought the best way he'd be able to help others was by becoming a firefighter.

Dave joined the Oakwood Fire Department in May of 1994 while also working part-time at Koenig Sporting Goods store. In 2000, Dave joined the Pepper Pike Fire Department. He's currently working at both fire stations, full-time in Pepper Pike and part-time in Oakwood. Dave is a firefighter/paramedic at both departments, but he's also the Assistant Chief in Oakwood. Dave said he has about nine years before he can retire from Pepper Pike; after those nine years, Dave said he

expects he'll remain on board at the Oakwood Fire Department for a few more years. Dave has a lot of on-the-job responsibilities. He's a firefighter/paramedic for the Southeast Area Law Enforcement Task Force's (SEALE) SWAT Team and Bomb Unit. Dave is a certified fire instructor and he's also a fire inspector.

Dave and his wife Denise have been married for 12 years. His older sister introduced the couple to each other 22 years ago! Dave and Denise celebrate their anniversary on June 12<sup>th</sup>. The couple doesn't have any children, but their time is filled taking care of their Dalmatian, Tori. When asked if he ever takes Tori to the OVFD, Dave said the firehouse dog Barkley likes keeping it a "one dog building!" You won't see Tori visiting the OVFD anytime soon!

Dave has lived in Walton Hills for 14 months. He loves being outdoors enjoying nature, so this is the right place for him and his family! One of the other reasons Dave enjoys living in Walton Hills is that he's close to his Mom; she lives in Oakwood. He said it's a quick

drive to Mom's house if she ever needs anything (there's that enjoying helping others!).

Dave is a member of the Walton Hills Lake Club, although he said with work, he doesn't get many opportunities to enjoy his membership, but he does try every summer to take advantage of it! Dave volunteers with the Muscular Dystrophy Association (MDA) and the Providence House which fights to end child abuse and neglect by protecting at-risk children, empowering and supporting families in crisis and building safer communities for every child. Dave's wife Denise is a board member for the Providence House.

When he's not working, volunteering, or helping his Mom with various projects, Dave enjoys vacationing in Las Vegas! From the hot weather, to the casinos and the nightlife, Dave loves everything there is to love about Las Vegas. He said the town never sleeps, which is great for him since he's used to not getting too much sleep as a firefighter! Dave has been traveling to Las Vegas at least twice a year since he was 21 years old!

From working for two fire departments and taking care of his dog, and traveling to Las Vegas frequently, and volunteering his time, Dave keeps busy! If you ever see him around Walton Hills, be sure to ask him about what it's like working as a firefighter/paramedic, or even about his many excursions to Las Vegas! He's sure to have a lot of stories to tell!

### Get to know Dave

**Favorites:** **Movie:** Casino • **Show:** King of Queens • **Actor:** Kevin James • **Actress:** Jessica Alba

**Food/Drink:** Pepperoni w/extra cheese pizza; Coffee • **Singer/Group:** Elvis, Pitbull (rapper)

## Orthopedic Day Seminar

Saturday, April 30 | 9 a.m. – 1 p.m.  
Doors open at 8 a.m. Breakfast provided.  
Executive Caterers  
6111 Landerhaven Drive, Mayfield Heights, Ohio 44124

University Hospitals invites you to join us for interactive presentations by our expert orthopedic team as they share the latest innovations, treatment options and surgeries for bone and joint health, as well as injury prevention.

**This event is FREE, but space is limited.**

### Topics include:

- Orthopedic surgery and other subspecialties
- Innovative treatments for foot and ankle problems
- Treatment options for common knee, hip and upper extremity problems
- Techniques to treat back pain
- Health, wellness and safety
- Healthy bones and joints and injury care for children

**TO REGISTER, call 1-877-597-6348  
between 10 a.m. and 6 p.m., Monday through Friday.**
